SUBSEA ABANDONMENT & DECOMMISSIONING

SOURCE CONTROL SOLUTIONS

RENTAL EQUIPMENT

TESTING, INSTALLATION & AFTERMARKET

MANUFACTURING & FABRICATION

CONSULTING SERVICES

### Capping & Containment Systems

- Capping Stacks
- Flowpools
- Over Pressure Protection Devices
- Specialized Jumper Kits
- Relief Well Kill Spool
- Subsea Dispersant Systems

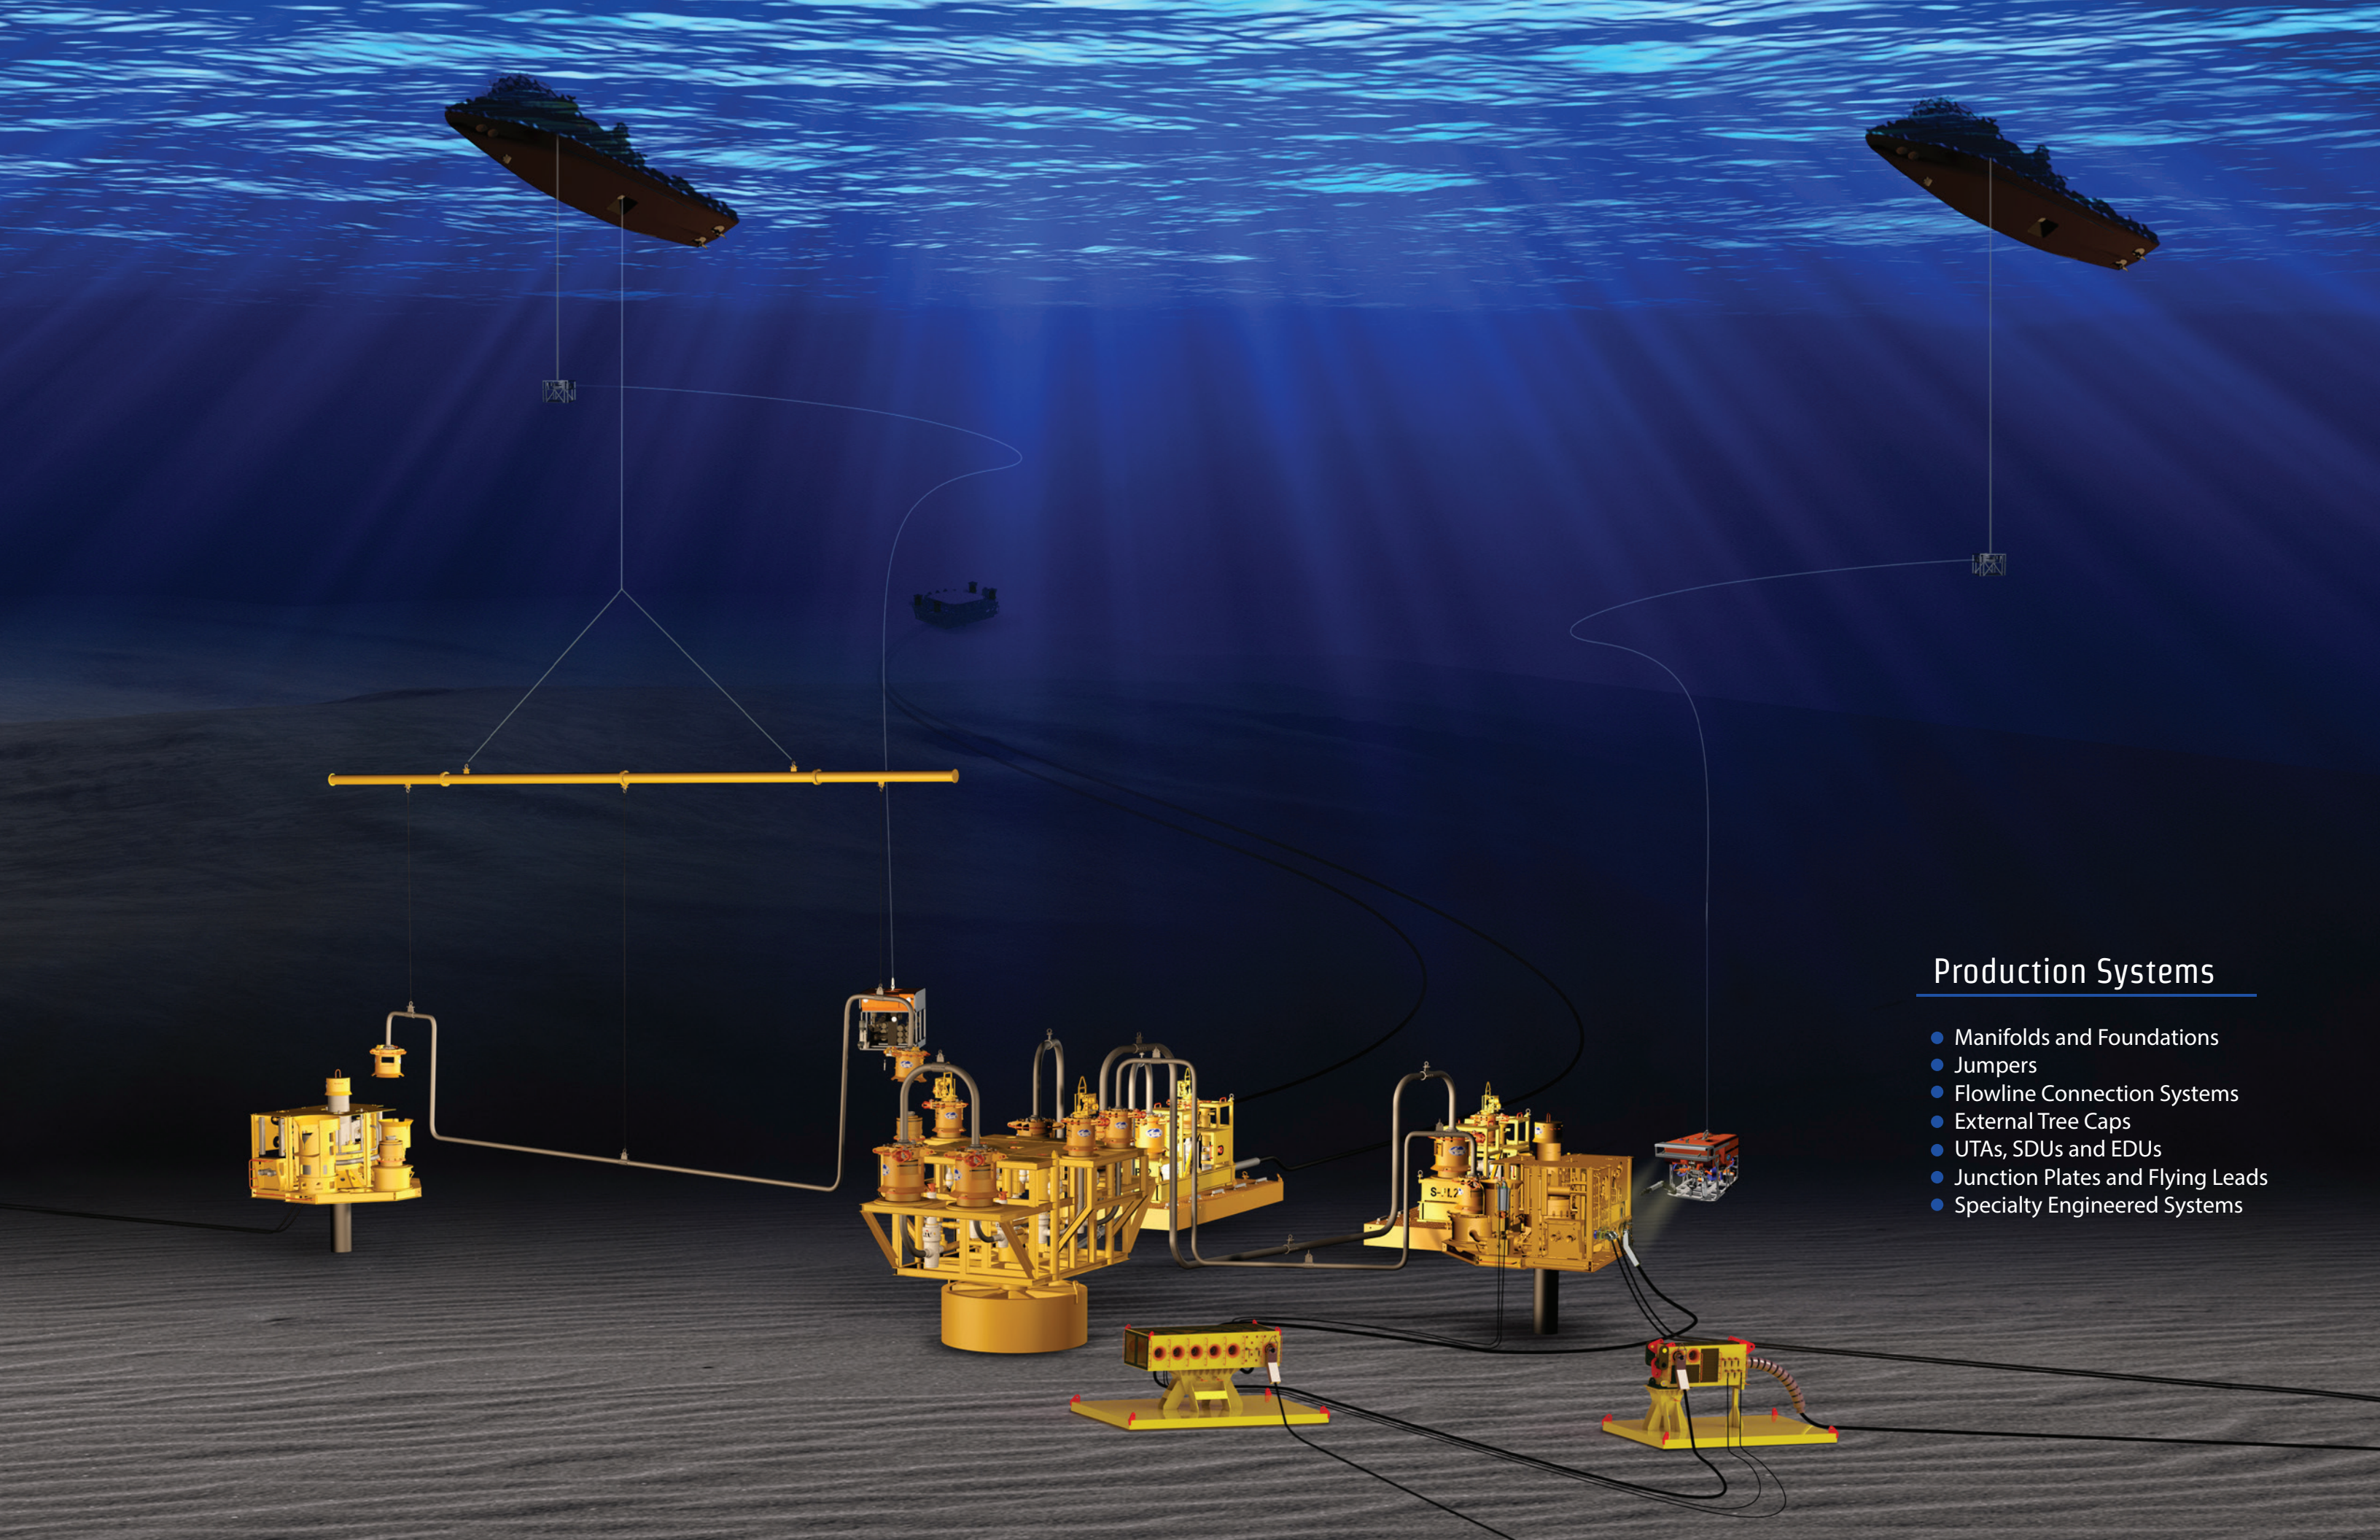

## Drilling & Safety Systems

- Specialized Drilling Systems
- Mudline Closure Device
- Supplementary BOP Controls
- Subsea Accumulator Modules
- Wellhead Completion Cap
- Wellhead Fatigue Limiting Systems
- Wellhead Adapter Spool

## Intervention & Remediation Systems

- Riser Based / Riserless Intervention and Abandonment Systems
- Chemical Injection Systems (STIM)
- Hydrate Remediation Systems
- Specialty Connectors & ROV Tooling

## Production Systems

- Manifolds and Foundations
- Jumpers
- Flowline Connection Systems
- External Tree Caps
- UTAs, SDUs and EDUs
- Junction Plates and Flying Leads
- Specialty Engineered Systems
